Spartoi appears very often in the Haunted School series.

Characters using the powers of the occult often summon him.

It is said that he was born from a dragon's tooth. Therefore, as a replacement medium, they used a dinosaur's tooth.

But how were they getting their dinosaur teeth?

#. Dinosaur's Secret.

There is a dinosaur skeleton on display. The principal somehow managed to get one there.
Considering how much a real one would cost, it was only a copy.

Even a story was later finished by copycats...

I HOPE THAN MODEL WILL DRAW SOME INTERESTS FROM THE KIDS ABOUT DINOSAURS...
AND IF IT GETS THEM TO STUDY HISTORY, THE MONEY WE'RE ON THAT WILL BE WELL-INVESTED.

HUH PRINCIPAL... HAVE YOU SEEN TIM PRINCIPAL AT ALL TODAY?
HE COLLAPSED THIS MORNING AND WAS CARRIED TO A HOSPITAL IN AN AMBULANCE.
HE HAD HIGH BLOOD PRESSURE, YOU KNOW?
